Questions Report:

A1	
	This was a very popular question and generally effectively answered.
A2	
	This was a popular question; however, some responses misinterpreted the question and/or provided too little detail.
A3	
	Very few candidates attempted this question. Most responses did not provide sufficient detail especially for part a) where majority of the marks were available.
B4	
	This was a very popular question and mostly well answered with many candidates achieving high marks.
B5	
	This was a popular question and many that did attempt this, did quite poorly. Quite a large gap between the high and low achieving candidates on this question.
B6	
	Very few candidates attempted this question. Those that answered this question were generally awarded below average marks.
