Examiner Report	
Qualification Name	Higher Education Qualification
Qualification Level	Diploma
Date/ Series	April 2024
Module	Smart Systems

Question no.	**comments**
A1	Most who attempted this question, could describe what Blockchain was in a sentence or two. However, examples were weaker which didn't allow for many marks. Very similar with B) - CPS is well defined, examples were poor.

Question no.	**comments**
A2	Not many students answered this. Those who scored well were able to define and include examples of smart appliances. B) was answered poorly.

Question no.	**comments**
A3	A) was answered well. B) and the characteristics of AI was answered poorly. No real understanding of this beyond basic explanations such as "quicker".

Question no.	**comments**
B4	Not too many candidates tackled this question however those that did seemed to misinterpret the part (b) which was looking for TECHNIQUES for maintaining the security of Smart Systems not EXAMPLES of Smart Systems.

Question no.	**comments**
B5	Popular choice with delegates. Most that tackled this question handled it very well and showed a good understanding of the topic.

Question no.	**comments**
B6	Another popular choice. Most candidates understood the factual definitions of the terms and gave strong examples in parts (a) and (b)
